DETAILED ACTION

Applicant's amendments filed March 28, 2005 have been entered.

The cancellation of claims 1, 2, 5, and 6 is acknowledged.

Claims 3, 4, and 7-32 are pending.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Applicant's remarks filed March 28, 2005 averring the instant specification providing sufficient information for one of skilled in the art to practice the full scope of the invention have been considered. The remarks, taken with the literatures cited in the response filed March 28, 2005, are found persuasive to withdrawn the outstanding rejection under 35 USC 112, first paragraph. There are working examples for testing the compounds disclosed in the instant specification. Animal models for pain are known as shown in Bennett and Xie. With the guidance provided by the instant specification, one of skilled in the art would have been able to practice the full scope of the invention without undue experimentations.

Furthermore, the terminal disclaimer filed March 28, 2005 is acknowledged. The outstanding double patenting rejection is withdrawn in view of the terminal disclaimer filed March 28, 2005.

The outstanding rejection under 35 USC 112, second paragraph is withdrawn in view of the amendments filed March 28, 2005.

Claims 3,4, and 7-32 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
